Mrs. Linda Ferrante
F.A.C.T. Long Island Foundation
71 South Park Drive
Old Bethpage, NY 11804

Dear Linda,

Thank you very much for the generous \$20,000 donation this week from the F.A.C.T. Foundation to support breast cancer research at Cold Spring Harbor Laboratory.

As you know CSHL is one of the world's most respected cancer research institutions. Our numerous programs in breast cancer are guiding the development of precise diagnostics and providing clues to more effective, less toxic therapies—including the recent validation of a potentially powerful new way to treat HER-2 positive breast cancer.

We are grateful for all your hard work over the years to raise money for Cold Spring Harbor research and look forward to growing our relationship with your Pink Tie colleagues. I'm looking forward to getting members of that group here to meet the scientists you are all supporting.

Sincerely,

Diane Fagiola

Please accept this letter as confirmation that the FACT Foundation received no goods or services in exchange for this donation to Cold Spring Harbor Laboratory.

Fact Breast Cancer Foundation
71 South Park Dr
Old Bethpage, NY 11804

Dear Linda,

I would like to thank you and the Fact foundation for your generous donation of \$18,000 exclusively towards my breast cancer research. I am very grateful.

Your financial support came at the right time and it would go a long way in advancing my breast cancer research activities.

We work really hard to ensure that every aspect of our service is patient-centered and I am pleased to know that your foundation is in support of my research goals.

Thank you again for your contribution.

Kind regards,

Silvia Formenti, M.D.

Ms. Linda Ferrante
FACT Breast Cancer Foundation
71 S. Park Drive
Old Bethpage, NY 11804

Dear Linda,

Thank you for FACT Breast Cancer Foundation's generous donation of \$20,000 to support breast cancer research at Cold Spring Harbor Laboratory. Your continued support over many years has helped propel forward many important initiatives at the Laboratory.

The significant strides we have made in breast cancer could not have happened without organizations such as FACT and we are pleased to now be affiliated with PinkTie.org. I look forward to our continued partnership and dedication to the fight against breast cancer.

With much appreciation,

Bruce Stillman

Ms. Linda Ferrante
F A C T Long Island Foundation
71 South Park Drive
Old Bethpage, NY 11804

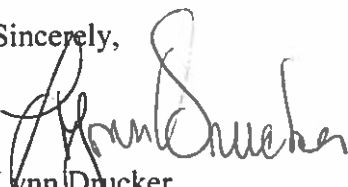

Dear Ms. Ferrante,

On behalf of Winthrop-University Hospital, please accept my gratitude for F A C T Long Island Foundation's gift of \$5,000. As requested, this gift will support the Hospital's Breast Angel Fund.

Your generosity will help patients with breast health diseases, who need assistance with financial, unemployment, transportation and medical concerns. Your donation helps to ease some of the patient's worries, allowing them to focus on treatment and healing.

We greatly appreciate your thoughtfulness.

Sincerely,

Lynn Drucker
Assistant Vice President

Since no goods or services were provided in consideration of this gift, the entire amount of your donation represents the tax-deductible contribution to extent allowed by law. This is your official receipt. Please retain this letter for your records.

F.A.C.T. Long Island Foundation
Ms. Linda Ferrante
71 South Park Dr.
Old Bethpage, NY 11804

Dear Ms. Ferrante:

On behalf of South Nassau Communities Hospital, I thank you for your generous gift of \$5,000.00 to benefit our breast cancer patients. Your support is most appreciated and helps us to maintain the quality and scope of services that are making a tremendous difference in the lives of those we care for every day.

Our Gertrude & Louis Feil Cancer Center continues to provide the standard-setting care that has made South Nassau the destination of choice for Long Island residents seeking cancer diagnosis and treatment services. Recently, a breast cancer patient navigator was added to our staff to provide our patients, their families and caregivers with support, education, advocacy and care coordination services. Our patient navigator is a seasoned registered oncology nurse who guides patients every step of the way, from diagnosis through recovery. According to research from the National Cancer Institute, these services not only improve breast cancer patients' quality of life, but can actually increase survival rates.

A notable accomplishment for our cancer program in 2012 was the receipt of a full three-year Accreditation with Commendation from the American College of Surgeons Commission on Cancer. This, the highest accreditation award, is given to cancer programs that comply with all 36 standards and receive a commendation rating for one or more standard.

These are just a few examples of how South Nassau continues to provide the gold standard of cancer care to the communities of Long Island's South Shore and beyond. Again, I thank you for your commitment to South Nassau Communities Hospital and those we serve.

Sincerely,

Elizabeth Nardone
Vice President, Development

In compliance with the Internal Revenue Service, South Nassau Communities Hospital hereby confirms that no goods or services were provided in exchange for this gift.
